- c. State Industrial Insurance Certificate of Workmen's Compensation Insurance Certificate showing that you are covered. If self-insured, a certificate showing that you are covered.

Professional Liability

Consultant agrees to provide and maintain, at its expense, a Professional Liability Insurance Policy of \$1,000,000 per claim for a period not less than five (5) years after the date of the final completion of the work that is performed in accordance with the services if commercially available and affordable. Consultant shall provide Client with a copy of the terms and conditions of the policy providing Professional Liability coverage.

Consultant's Equipment Policy

Any such insurance policy covering Consultant's or outside consultant's or Consultant's equipment against loss by physical damage shall include an endorsement waiving the insurer's right of subrogation against the Indemnities. Such insurance shall be Consultant's and outside consultant's and in-house consultant's sole and complete means of recovery for any such loss. Should Consultant or any outside consultant or in-house consultant choose to self-insure this risk, it is expressly agreed that the Consultant and the outside consultant and in-house consultant hereby waive any claim for damage or loss to said equipment in favor in the Indemnities.

Other Requirements

Evidence of the insurance coverage required to be maintained by Consultant represented by Certificates of Insurance issued by the insurance carrier(s), must be furnished to the Client prior to Consultant starting its services. Certificates of Insurance shall specify the additional insured status mentioned above as well as the waivers of subrogation. Such Certificates of Insurance shall state that Client will be notified in writing thirty (30) days prior to cancellation or non-renewal of insurance. Consultant shall provide to Client a certified copy of any and all applicable insurance policies prior to requesting or receiving payment from Client and prior to starting work. Timely renewal certificates will be provided to Client as the coverage renews.

Insurance similar to that required of Consultant shall be provided by or on behalf of all outside consultants and in-house consultants to cover their operations performed under this Agreement. Consultant shall be held responsible for any modifications in these insurance requirements as they apply to Consultants. Consultant shall maintain Certificates of Insurance from all Consultants, enumerating, among other things, the waivers in favor of, and insured status of, the Indemnities, as required herein, and make them available to Client upon request. The term "Consultant(s)" shall include Consultants of any tier.

14. Use of Work Product

- a. Consultant's work product shall be delivered to Client per a schedule as mutually agreed by Consultant and Client per paragraph 16 of this Agreement and may be used by Client for any purpose connected with the project but in accordance with paragraph 16 of this Agreement. Consultant agrees to provide Client with the disks containing the work product of the Consultant, formatted as agreed upon at initiation of project, to the Client's specifications. Under no circumstances shall transfer of drawings and other instruments of service on electronic media for use by the Client be deemed a sale by the Consultant and the Consultant makes no warranties, either express or implied, of Consultant's items of work.
- b. Documents, including drawings and specifications, prepared by Consultant pursuant to this Agreement are not intended or represented to be suitable for use by Client or others other than for their originally intended use at The Project. Any use of completed documents other than as originally intended, without written verification or approval by Consultant, will be at Client's sole risk and without liability or legal exposure to Consultant.
- c. Consultant shall not release any non-public data or work product prepared under this Agreement, (with exception to those documents that must be released to public record prior to approval or recordation), to any other consultant, entity, private/public organization, without the prior written authorization of Client.

15. Review and Approval of Work

7
Rhodes Design and Development Corp.
Stanley Consultants WSE

ST-RH034792

Contract #20000211

- a. Client reserves the right to have the Consultant's work product reviewed by other consultants or by Client at its discretion. Consultant shall fully cooperate with the Client and its agents in review of its work product. Consultant shall immediately provide either appropriate changes or a written response as a result of such outside review. Additional costs if any for such changes and or responses shall be negotiated prior to making such changes and or responses. If said changes are for value engineering purposes, said revisions will be done after the Client has approved them, on a time and materials basis. If Client and Consultant are unable to resolve such dispute, Client and Consultant agree to mutually select an independent party to seek a resolution through mediation.
 - b. Provided the Consultant is given clear written and spoken directions from the Client, work is to conform to the Client's acceptance and internal specifications, as they are provided prior to start of work, in addition to City and County specifications, acceptance and approval. If there is a conflict between the Client's specifications and the governing agencies specifications, the governing agencies specifications shall prevail. Furthermore, Client requires that on or before 10% of the work is complete and on a regular basis thereafter, Consultant shall present its design to Client to obtain approval and/or advice on how to mitigate design discrepancies early in the process.
 - c. Consultant's work shall be in a manner consistent with that level of care and still ordinarily exercised by reputable members of the profession currently practicing in the same locality under similar conditions and shall be deemed complete when it has been signed, approved, recorded, and accepted by the applicable governing agencies, and the approved copies have been presented to Client.
16. Schedule If provided for in Consultant's Scope of Services, the Consultant will supply and update a detailed critical production/design review schedule on a weekly basis for tracking purposes including planned versus actual completion timeframes for both entity reviews and Consultant production. Consultant shall maintain the schedule as mutually agreed upon unless outside circumstances such as governmental reviews, natural disasters, or other unknown or uncontrollable influences occur. The client shall be notified immediately of any changes to the schedule. Additional fees may be required for any unforeseeable delays in the project that are outside the consultant's control.
17. Changes Client may, from time to time, require changes in the Scope of Services of the Consultant to be performed thereunder. Such changes, including any increase or decrease in the amount of the Consultant's compensation, which are mutually agreed upon by and between Client and Consultant, shall be incorporated in written amendments or Change Orders to this Agreement and signed by all parties hereto prior to performing additional services. Client and Consultant may request amendment of the provisions of this Agreement;

Contract #20000211

however, oral understandings shall not be binding. To be valid, all such amendments shall be made in writing and signed by all parties hereto.

18. Waivers No waiver or indulgence of any breach or series of breaches of this Agreement shall be deemed or construed as a waiver of any other breach of the same or any other provision hereof, nor shall it affect the enforceability of any part of this Agreement. No waiver shall be valid or binding unless executed in writing by the waiving party.

19. Termination

- a. The Client may terminate this Agreement at any time by written notice to the Consultant subject to the payment of all fees and expenses incurred through the termination date. Upon such termination, Consultant shall deliver to the Client, plans, drawings, computer disks, and the like, prepared by the Consultant in connection with this Agreement of said Project. Consultant's plans, drawings and the like may be directly or indirectly used by the Client to the extent permitted by law; provided however, Client hereby agrees to indemnify and hold Consultant, its officers, directors, employees, consultants, and subcontractors, harmless from and against any and all claims, liabilities, demands, losses, actions, causes of action, damages, costs expenses, fines, and penalties of every nature, including but not limited to those resulting from injury to persons or property.
- b. This Agreement may not be terminated by Consultant except by breach of this Agreement by Client, to include nonpayment of fees within 30 days of invoice, which is not cured within fifteen (15) days following Client's receipt of Consultant's invoice.
- c. Changes to the approved plans without Client's authorization will be grounds for terminating this Agreement.
- d. In the event this Agreement is terminated, all finished or unfinished documents, data, drawings, models, photographs, reports or other material prepared by the Consultant under this Agreement shall become eligible for any intended use by Client, and Consultant shall be entitled to receive just and equitable compensation for work completed on such documents and other materials. All plans, documents, comments from agencies, and notes become eligible for any use by Client in return for the compensation received. Client is to receive from consultant copies, in hard copy and electronic format of all work performed by consultant for client regarding this project for the cost of duplication and reasonable personnel time.

20. Assignability Consultant shall not assign this Agreement or any portion thereof or any of its rights or obligations hereunder without the expressed written consent of the Client.

21. Payment

9
Rhodes Design and Development Corp. 
Stanley Consultants 

Contract #20000211

- a. Consultant shall provide Client with a monthly statement of fees and expenses by the 30th of each month for payment the following month. Statements received after the 30th of each month will be paid as if submitted the following month. Partial payment to the Consultant shall not be construed as approval or acceptance of work furnished hereunder.
- b. Fees and expenses described herein are not to exceed the fees as set forth in Exhibit "B" without the prior written approval of the Client. Client shall have no liability for payment of said fees should they exceed fees as set forth in Exhibit "B" without the prior written approval of the Client. All fees exceeding the amounts agreed to herein will be approved by both Client and Consultant prior to the commencement of services.
- c. Consultant shall pay, liens (including beneficial use liens), claims, charges, or other impositions of any nature or kind imposed upon Consultant, or arising out of or in connection with, the services performed or materials provided for hereunder and shall hold harmless and indemnify Client therefrom. Client reserves the right to pay any liens that are imposed as a result of any work performed by sub-consultants of Consultant. Consultant shall reimburse Client for such payments. The fees in this proposal do not include any taxes, if any, whether local, state, or federal on professional services, including but not limited to sales tax. The amounts of any taxes will be added to the professional service fees as they are invoiced and will be identified as such.
- d. Consultant shall be held responsible for errors in the field created by ^(as determined by due process) ~~negligent~~ Consultant's designs. Consultant shall be informed of errors immediately upon discovery and shall have the right to make adjustments to the plans to correct the error. Consultant shall have the right to review the costs submitted by the Contractor for the remedy prior to commencement.

22. Notice Any notice in this Agreement shall be in writing and shall be effective upon personal delivery or certified mailing return receipt requested when deposited in the United States mail, or upon confirmed transmission by telegram, cable, telex, or a facsimile.
23. Entire Agreement This Agreement contains all the terms, conditions, and provisions hereof creating the understanding and representations of the parties relating thereto regarding this Project. All such prior written and/or oral proposals, representations, understandings, and discussions are superseded by this Agreement. This Agreement may only be modified or amended by further written agreement executed by the parties hereto.
24. Authority Each of the undersigned signatories declare and represent that they are duly authorized to sign this Agreement and bind each of the parties hereto to all the terms and conditions as outlined herein.

SCOPE OF SERVICES

PROJECT UNDERSTANDING

It is the understanding of Stanley Consultants, Inc (Consultant), that Rhodes Homes (Client) intends to develop approximately 7600 acres of residential and/or commercial subdivision located within Mojave County near the City of Kingman, Arizona. This site is located east of U. S. Highway 66 and north of Interstate 40. Our understanding of the Project has come from conversations with the Client.

It is our understanding that the proposed Project will require off-site improvements. Consultant shall investigate this project in an exclusive nature to the best of their ability.

Listed below is a breakdown for the preliminary _ Phase I Scope of Work. Included herein is the scope of work, compensation and schedule for Phase I services (only).

CLIENT RESPONSIBILITIES

In the preparation of this scope of services it has been assumed that the Client will supply to Consultant the following:

- Geotechnical and Environmental (vegetation and hazardous) Reports
- Roadway, topography and aerial mapping
- Agency processing and permit fees
- Preliminary and Final Geotechnical Reports
- Preliminary Title Reports, including copies of the exceptions.
- Executed off-site easements including drainage utilities, and/or site access, as required
- Completed application forms and supplemental information
- Proposed deed restrictions and CC&Rs
- Geological, Archeological, and Tortoise Studies
- Normal reimbursable expenses such as mileage and reproductions which will be billed at direct cost plus 10%

Stanley Consultants Inc agrees to perform the following Scope of Services:

PRELIMINARY - PHASE I

The tasks contained in this phase of the scope of work are required prior to the finalization of the subdivision design and final map preparation.

1. Topography and Aerial Mapping

- A field survey will be performed to establish horizontal and vertical ground control points for use in aerial photogrammetry. The vertical datum will be based on NAVD88 and the horizontal datum will be based on NAVD83, utilizing GPS survey techniques.
- The flight, aerial mapping and DIM will be provided by a sub-consultant. The mapping and DTM will be sufficient to provide 5-foot contours on the subject property.

12

Rhodes Design and Development Corp

Stanley Consultants

ST-RH034797

Contract #20000211

- The mapping will include a 1-foot contour map for up to three sections(640 acres) of subject project. The three sections will be determined by the client. Additional sections will be provided on a time and materials basis in addition to the contract amount following client approval.
- A survey drawing will be prepared depicting the field information for the subject tract
- Boundary will be based on maps of record Not a field survey.
- The survey drawing will be available in hard copy and electronic format (AutoCad, Rel. 2002) as required.
- Services are based on the authorization for the survey team to enter the property for purposes of conducting the scope of services required for the project.
- The services herein are based on the receipt of a current title report with copies of all deeds and instruments referenced therein. (Supplied by owner).
- This survey will not include any references to: lease agreements, oil, gas and mineral rights, matters that are strictly contractual and items which cannot be located upon the subject tract by a specific physical description. Those matters are given constructive notice in a title commitment and must otherwise be addressed by the parties involved and/or addressed by legal counsel. This survey will not address: compliance or assessment of existing utilities, wetland determinations, fault lines and/or environmental assessments that are beyond the surveyors expertise. Any special survey requirements, changes to our standard certification, special items in the certification required by any other party and agreed by the surveyor, must be negotiated before any work is commenced. If ALTA/ACSM survey requirements are needed, additional charges will be assessed.

2. Base Project Exhibit and Photo records

- Consultant shall prepare a project exhibit for use and discussion. The exhibit will be computer generated and include property boundaries and ground topography.
- Consultant will prepare a photo record booklet including ground level photography and one low level helicopter aerial record.
- Consultant shall prepare an ownership map to depict all properties adjacent to the Rhodes owned property. The investigation will include land understood to be in the boundaries of the "grazing Rights" area as shown on the original map provided by client.
- Consultant shall investigate the availability of Landis cor type area wide map for general use.

3. Infrastructure

- Consultant shall research, analyze and develop conceptual approaches to water, wastewater and drainage infrastructure to consist of the following:

Layout of water and sewer alignments

Layout of general drainage patterns and major facilities for the proposed plan

- Investigation will include water quality investigation with treatment and/or disinfection requirements.
- Work will include a computer generated map of the subject project property and immediate adjacent properties. This map/exhibit will be used for all preliminary planning activities, utilities services investigations and graphic depiction.
- Consultant will prepare up to two (2) separate facility plans based on two land plan schemes as prepared by others.
- Investigation will include wastewater treatment strategies for on-site, off-site and hauling methods of wastewater management.
- Effluent Reuse and Disposal alternatives will be investigated and reported

4. Constraints Exhibit with Off-site Improvements

- Consultant shall incorporate all due diligence/intelligence gathered and/or calculated as part of the preliminary report preparation and investigation and develop an over-all area wide constraints map that clearly defines all utility connections and discharge points. All utilities include: water, sewer, storm drainage, roadway/streets, gas, electrical, cable, telephone, airport (safe zone /noise contours) and fiber optics (when applicable).
- Consultant shall meet with all local providers of utilities services, City of Kingman, County and/or other jurisdictional review agencies to provide a completed and concise constraints exhibit.

5. Land Use

- Consultant shall investigate the requirement to complete a General Plan Amendment, zone change applications, facility plan, special use permits and other entitlements that may be required to support this project. Special or independent land use submittals packages that may be desired by the client will be completed on a time and materials basis in addition to the contract amount following approval from the client
- Consultant shall investigate economical development activity and status in the Kingman area and report findings.
- Consultant shall investigate the political environment and present their findings.

6. Drainage Study

- Consultant shall prepare a conceptual on-site technical drainage study for the Project. The study will address existing drainage concerns impacting this site. The conceptual drainage study will be prepared in accordance with the City of Kingman or County, area flood control standards. The consultant will be sensitive to the conditions and requirements of FEMA during the preparation of the Technical Drainage Study. Local drainage conditions will be incorporated in a manner that meets FEMA requirements. No regional or off-site area wide Drainage Report is included as part of this project. The consultant will conduct up to two (2) special meetings with area Flood Control

Representatives to minimize the area to be studied to meet the approval of the County or City of Kingman subdivision standards

- This task is based on the preparation of one drainage study for the Project. Additional Drainage investigation shall be performed by the consultant at the clients direction on a time and materials basis in addition to the contract amount following approval from the client.

7. Water Supply /Demand

- Consultant shall calculate a preliminary water demand for the property to determine the overall usage and storage for the ultimate buildout.
- Consultant shall investigate two possible water service strategies for the property (if applicable).
- Consultant shall prepare a summary report of the preliminary pipe size and backbone layout proposed for the property. The summary report will analyze potential water pressures and facilities required for domestic water supply.
- Consultant shall investigate the Arizona Department of Water resources and reaserch the availability of a ground water contour map to show approximate ground water activity and levels. This effort will only include available information as determined by a search of existing and readily available records. No self performing activities will be involved by the consultant to determine ground water availability, quality and / or depth from ground surface.

8. Traffic Impact Analysis and Transportation Infrastructure

- Consultant will prepare a traffic impact study to address the impact to local streets and U.S. Highway 66 and Interstate 40. The traffic study will evaluate general (maximum density) on-site and off-site circulation and allowable turning movements at key intersections. The traffic study will project the traffic generation characteristics of the project and the participation required from the Client.
- This proposal excludes traffic signal designs, gap analysis, progression analysis, regional traffic modeling or other traffic engineering services not specifically listed above. Should Client desire such services, Consultant shall provide these services as an extra service to the contract.

9. Engineer's Quantity/Cost Estimates

- Consultant shall prepare quantity estimates for major project components such as:
 - Interchange and major arterials (access to site and main circulation marketing trail)
 - Backbone water storage and pumping facilities and main pipelines
 - Backbone Sewer Infrastructure improvements
 - Backbone Drainage facilites

Consultant Agreement

This Agreement made this 24th day of February, 2005, by and between Rhodes Homes Arizona, hereinafter sometimes referred to as "Client", and Stanley Consultants, sometimes hereinafter referred to as "Consultant", provides as follows:

Date: 2/24/05
 Project: Aztec 60 (hereinafter sometimes referred to as "The Project")
 Contract Price: \$497,550.00

RECITALS:

- A. Client is the developer of The Project. Client is entering into this Agreement with Consultant to perform the professional services described within the Scope of Services, attached as Exhibit "A" to this Agreement.
- B. Consultant is qualified to provide the professional services agreed to within this Agreement as requested by the Client. If Consultant is not qualified to perform the services indicated herein for completing the work, Consultant will immediately notify Client of such in writing.
- C. Consultant shall maintain the schedule as mutually agreed upon unless outside circumstances such as governmental reviews, natural disasters, or other unknown or uncontrollable influences occur. The client shall be notified immediately of any changes to the schedule.

WITNESSETH:

IN CONSIDERATION of the mutual promises and covenants hereinafter set forth, the Client and the Consultant agree as follows:

1. **Services:** Consultant shall perform the professional services described in Exhibit "A" and elsewhere throughout this Agreement. Exhibit "A" is attached hereto and incorporated herein by reference (the "Scope of Services").
2. **Non-Exclusivity:** This Agreement shall not act as an exclusive contract limiting the Client to use only Consultant at the Project
3. **Standards:** All services shall be performed by the Consultant in a manner consistent with that level of care ordinarily exercised by reputable members of the profession who are currently practicing in the same locality under similar conditions.
4. **Government Regulations:** Consultant shall comply with all known laws, statutes, ordinances, standards, rules and regulations, policies, licensing requirements, insurance requirements, practices, and procedures of federal, state, municipal, and special district governmental authorities which are applicable to the services covered under this Agreement.
5. **Materials:** All necessary labor, licenses, and any other items necessary to complete the services as outlined in Exhibit "A" (hereinafter collectively referred to as the "Materials"), must be furnished by the Consultant and shall be a part of the contract price unless it is specifically excluded in Exhibit "A"

Rhodes Homes of Arizona
 Stanley Consultants

Contract #AZ401000-1

Reproduction of six (6) copies of documents needed for the production, design, and submittal of plans and maps are included in the contract price. In addition, one copy of each document, map, or plan will be provided to the Client during the preliminary stages, prior to the first submittal, after each additional submittal, and immediately after approval and recordation. The total cost of these copies is included in the overall price of this contract.

Any additional reproduction of plans and documents requested by Client which are not included in the contract price shall be directed by Client to Client's reproduction company of choice at Client's expense. In the event changes are requested by the Client, an additional fee shall be negotiated for those copies at the instance of the Consultant at the time of request.

6. **Licensing Requirements:** As a condition of this Agreement, Consultant shall maintain in effect at all times during the term of this Agreement a valid and appropriate license and/or registration for the State of Arizona, or any other governmental or administrative body as may be applicable. Copies of current applicable licenses shall be submitted to Client upon request. Furthermore, Consultant shall ensure that each of its employees who are subject to licensing and/or registration maintain a current and valid license and/or registration while performing work on the project. Consultant will notice Client in writing immediately of any changes to Consultant's registration license status.
7. **Key Personnel:**
 - a. Award of this contract was based upon a review of the personal qualifications proposed by the Consultant. This includes, but is not limited to, Consultant's current organizational chart, the described internal schedule of processing for the recordation of map(s), and the current Principals of the company.
 - b. The Client will be notified immediately if there is a change in Key Contact Personnel including the names and qualifications of these individuals.
 - c. Should the individuals originally assigned to Client not be able to perform the work, the Consultant shall send written notice of any proposed replacement or addition, including a statement of qualifications, by individual name. Such proposed replacement or addition must be sent to Client immediately.
 - d. Client reserves the right to reject any proposed replacement or addition and/or to request additional qualifying documentation.
 - e. Key personnel designated by Consultant may be subject to an interview with Client to substantiate the knowledge and experience that has been represented.
 - f. Prior to beginning work, the Consultant will supply Client with a Key Contact Personnel List to include their job, title, and contact information. Consultant will also supply Client with a list of employees authorized to sign contracts and change orders.
8. **Consultant's Representations:**
 - a. The Consultant shall perform the services outlined in Exhibit "A" in a manner consistent with that level of care ordinarily exercised by reputable members of the profession currently practicing in the same locality and under similar conditions. Consultant understands the nature and scope of services and shall perform all services as required in this Agreement.

Contract #AZ401000-1

- b. Consultant shall attend a weekly status meeting according to Client's requests. Fees for weekly meetings shall be included in the lump sum price for the duration indicated in Exhibit "A".
9. **Indemnification:** To the fullest extent permitted by law, Consultant shall indemnify and hold Client harmless from and against any and all claims, liabilities, demands, losses, actions, causes of action, damages, costs, expenses, fines, and penalties of every nature, including but not limited to those resulting from injury to persons or property, which are caused by Consultant's negligent act, error, or omission in the performance of the services under this Agreement or by its breach of this Agreement. Consultant shall not be responsible to indemnify Client from any liability, claims, judgments, losses or demands that are caused by the negligence of the Client. In the event Client and Consultant are determined to be jointly at fault, any liability as between Client and Consultant shall be allocated between Client and Consultant in accordance with their proportionate share of such fault.
10. **Attorney's Fees:** If either party becomes involved in litigation arising out of this Agreement or the performance thereof, the court shall award reasonable costs and expenses, including attorney's fees, to the prevailing party. In awarding attorney's fees, the court shall not be bound by any court fee schedule, but shall, in the interest of justice, award the full amount of costs, expenses, and attorney's fees paid or incurred in good faith.
11. **Confidentiality of the Consultant:** Consultant acknowledges and agrees that throughout the term of this Agreement, Consultant may obtain information about the Client or the project which is highly sensitive and confidential. Except as required by law or by a court of competent jurisdiction, Consultant agrees not to disclose Client confidential information to unrelated third parties outside the scope of the services without the express written consent of the Client. Nothing herein shall be deemed to prohibit Consultant from making a disclosure of a violation of law or of a matter necessary to protect the health or safety of any person. Consultant will notify Client prior to releasing any disks or maps provided to other consultants that are prepared in conjunction with any work/services for Client. Required coordination with any agency necessary for the approval or construction of this project is hereby granted.
12. **Insurance:** Consultant shall maintain adequate insurance coverage at its own expense at all times during the full term of its services under this Agreement and as otherwise required hereunder. Insurance coverage must have policy limits not less than those set forth below with insurers licensed to do business in the State of Arizona and which is acceptable to the Client and under forms of policies satisfactory to the Client. There are no other requirements contained herein as to types, limits, or Client's approval of insurance. Client coverage to be maintained by Consultant is intended to and shall not in any way or manner limit quality or quantity of the liabilities and obligations assumed by Consultant under this Agreement or otherwise as may be provided by law.

The following items must be submitted to the Insurance Coordinator of Rhodes Homes Arizona prior to payment of any invoices or acceptance of any work. Consultant agrees that it shall not be entitled to such payment until such time that the following have been received by Client:

- a. General Liability Insurance Coverage in the amount of \$2,000,000 aggregate. The Certificate holder's box must show the following names as additionally insured:
- Rhodes Homes
 - Rhodes Homes Arizona

Contract #AZ401000-1

James M Rhodes, Individually

This Certificate must also have attached an additional insured endorsement in a CG 2026 1185, or a CG2037 1001 FORMAT which names the same three names as additionally insured. The insurance company providing the insurance coverage must have an AM Best Rating of A+ or better and must be admitted in the state of Arizona

The Name of the project must be noted in the Description Box (We require an Original Insurance Certificate for each project.)

- b. Comprehensive Automobile Liability Insurance in the amount of \$1,000,000.
- c. State Industrial Insurance Certificate of Workmen's Compensation Insurance. Certificate which shows that you are covered If self-insured, a certificate showing that you are covered

Professional Liability:

Consultant agrees to provide and maintain, at its expense, a Professional Liability Insurance Policy of \$1,000,000 per claim for a period not less than five (5) years after the date of the final completion of the work that is performed in accordance with the services if commercially available and affordable. Consultant shall provide Client with a copy of the terms and conditions of the policy providing Professional Liability coverage.

Consultant's Equipment Policy:

Any such insurance policy covering Consultant's or outside Consultant's or Consultant's equipment against loss by physical damage shall include an endorsement waiving the insurer's right of subrogation against the Indemnities. Such insurance shall be Consultant's and outside Consultant's and in-house Consultant's sole and complete means of recovery for any such loss. Should Consultant or any outside Consultant or in-house Consultant choose to self-insure this risk, it is expressly agreed that the Consultant and the outside Consultant and in-house Consultant hereby waive any claim for damage or loss to said equipment in favor in the Indemnities.

Other Requirements:

Evidence of the insurance coverage required to be maintained by Consultant represented by Certificates of Insurance issued by the insurance carrier(s), must be furnished to the Client prior to Consultant starting its services. Certificates of Insurance shall specify the additional insured status mentioned above as well as the waivers of subrogation. Such Certificates of Insurance shall state that Client will be notified in writing thirty (30) days prior to cancellation or non-renewal of insurance. Consultant shall provide to Client a certified copy of any and all applicable insurance policies prior to requesting or receiving payment from Client and prior to starting work. Timely renewal certificates will be provided to Client as the coverage renews.

Insurance similar to that required of Consultant shall be provided by or on behalf of all outside Consultants and in-house Consultants to cover their operations performed under this Agreement. Consultant shall be held responsible for any modifications in these insurance requirements as they apply to Consultants. Consultant shall maintain Certificates of Insurance from all Consultants, enumerating, among other things, the waivers in favor of, and insured status of, the Indemnities as required herein and make them available to Client upon request. The term "Consultant(s)" shall include Consultants of any tier.

Contract #AZ401000-1

13. **Additional Required Documents:**

- a. State of Arizona License. Copy of unexpired license, if required by law
- b. Copy of current unexpired business licenses, whichever is applicable to the subdivision or job.
 - 1) Mohave County
 - 2) City of Kingman
- c. A valid W-9 must be on file.

14. **Use of Work Product:**

- a. Consultant's work product shall be delivered to Client per a mutually agreed schedule in accordance to paragraph 16 of this Agreement and may be used by Client for any purpose connected with the project in accordance with paragraph 16 of this Agreement. Consultant agrees to provide Client with the disks containing the work product of the Consultant in a format as agreed upon at the initiation of project and to the Client's specifications. Under no circumstances shall transfer of drawings and other instruments of service on electronic media for use by the Client be deemed a sale by the Consultant, and the Consultant makes no warranties, either express or implied, of Consultant's items of work.
- b. Documents, including drawings and specifications, which are prepared by Consultant pursuant to this Agreement are not intended or represented to be suitable for use by Client or others other than for their originally intended use at the Project. Any use of completed documents other than as originally intended, without written verification or approval by Consultant, will be at Client's sole risk and without liability or legal exposure to Consultant.
- c. Consultant shall not release any non-public data or work product prepared under this Agreement to any other consultant, entity, or private/public organization without the prior written authorization of Client with the exception to those documents that must be released to public record prior to approval or recordation.

15. **Review and Approval of Work:**

- a. Client reserves the right to have the Consultant's work product reviewed by other consultants or by Client at its discretion. Consultant shall fully cooperate with the Client and its agents in review of its work product. Consultant shall immediately provide either appropriate changes or a written response as a result of such outside review. Additional costs, if any, for such changes and or responses shall be negotiated prior to making such changes and/or responses. If said changes are for value engineering purposes, said revisions will be done after the Client has approved them on a time and materials basis. If Client and Consultant are unable to resolve such dispute, Client and Consultant agree to mutually select an independent party to seek a resolution through mediation.
- b. Provided the Consultant is given clear written and spoken directions from the Client, work is to conform to the Client's acceptance and internal specifications as they are provided prior to start of work in addition to City and County specifications, acceptance, and approval. If there is a conflict between the Client's specifications and the governing agency's specifications, the governing agency's specifications shall prevail. Furthermore, Client requires that on or before 10% of the work is complete and on a regular basis thereafter, Consultant shall present its design to

Contract #AZ401000-1

Client to obtain approval and/or advice on how to mitigate design discrepancies early in the process.

- c. Consultant's work shall be in a manner consistent with that level of care and skill ordinarily exercised by reputable members of the profession currently practicing in the same locality under similar conditions and shall be deemed complete when it has been signed, approved, recorded, and accepted by the applicable governing agencies, and the approved copies have been presented to Client.
16. **Schedule:** If provided for in Consultant's Scope of Services, the Consultant will supply and update a detailed critical production/design review schedule on a weekly basis for tracking purposes which includes planned versus actual completion timeframes for both entity reviews and Consultant production. Consultant shall maintain the schedule as mutually agreed upon unless outside circumstances such as governmental reviews, natural disasters, or other unknown or uncontrollable influences occur. The client shall be notified immediately of any changes to the schedule. Additional fees may be required for any unforeseeable delays in the project that are outside of the Consultant's control.
17. **Changes:** From time to time, Client may require changes in the Scope of Services of the Consultant to be performed thereunder. Such changes, including any increase or decrease in the amount of the Consultant's compensation, which are mutually agreed upon by and between Client and Consultant shall be incorporated in written amendments or Change Orders to this Agreement and signed by all parties hereto prior to performing additional services. Client and Consultant may request an amendment of the provisions of this Agreement; however, oral understandings shall not be binding. To be valid, all such amendments shall be made in writing and signed by all parties hereto.
18. **Waivers:** No waiver or indulgence of any breach or series of breaches of this Agreement shall be deemed or construed as a waiver of any other breach of the same or any other provision hereof, nor shall it affect the enforceability of any part of this Agreement. No waiver shall be valid or binding unless executed in writing by the waiving party.
19. **Termination:**
- a. The Client may terminate this Agreement at any time by written notice to the Consultant subject to the payment of all fees and expenses incurred through the termination date. Upon such termination, Consultant shall deliver to the Client all plans, drawings, computer disks and the like which were prepared by the Consultant in connection with this Agreement of said Project. Consultant's plans, drawings and the like may be directly or indirectly used by the Client to the extent permitted by law; provided however, Client hereby agrees to indemnify and hold Consultant, its officers, directors, employees, consultants, and subcontractors harmless from and against any and all claims, liabilities, demands, losses, actions, causes of action, damages, costs, expenses, fines, and penalties of every nature, including but not limited to those resulting from injury to persons or property.
 - b. This Agreement may not be terminated by Consultant except by breach of this Agreement by Client, to include nonpayment of fees within 30 days of invoice which is not cured within fifteen (15) days following Client's receipt of Consultant's invoice.
 - c. Changes to the approved plans without Client's authorization will be grounds for terminating this Agreement.
 - d. In the event this Agreement is terminated, all finished or unfinished documents, data, drawings, models, photographs, reports, or other material prepared by the Consultant

Contract #AZ401000-1

under this Agreement shall become eligible for any intended use by Client, and Consultant shall be entitled to receive just and equitable compensation for work completed on such documents and other materials. All plans, documents, comments from agencies, and notes become eligible for any use by Client in return for the compensation received. Client is to receive from Consultant a hard copy and an electronic format copy of all work performed by Consultant for Client regarding the Project for the cost of duplication and reasonable personnel time.

20. **Assignability:** Consultant shall not assign this Agreement or any portion thereof or any of its rights or obligations hereunder without the expressed written consent of the Client.
21. **Payment:**
- a. Consultant shall provide Client with a monthly statement of fees and expenses by the 1st of each month for payment on the 21st of the same month. Statements received after the 1st of each month will be paid as if submitted the following month. Partial payment to the Consultant shall not be construed as approval or acceptance of work furnished hereunder.
 - b. Fees and expenses described herein are not to exceed the fees as set forth in Exhibit "B" without the prior written approval of the Client. Client shall have no liability for payment of said fees should they exceed fees as set forth in Exhibit "B" without the prior written approval of the Client. All fees exceeding the amounts agreed to herein will be approved by both Client and Consultant prior to the commencement of services.
 - c. Consultant shall pay all liens (including beneficial use liens), claims, charges, or other impositions of any nature or kind imposed upon Consultant or arising out of or in connection with the services performed or materials provided for hereunder and shall hold harmless and indemnify Client there from. Client reserves the right to pay any liens that are imposed as a result of any work performed by sub-consultants of Consultant. Consultant shall reimburse Client for such payments. The fees in this proposal do not include any taxes, if any, whether local, state, or federal on professional services, including but not limited to sales tax. The amounts of any taxes will be added to the professional service fees as they are invoiced and will be identified as such.
 - d. To the extent Consultant's services have not met the Standard of Care as written in Paragraph 3, Consultant shall be held responsible for errors in the field created by Consultant's designs. Consultant shall be informed of errors immediately upon discovery and shall have the right to make adjustments to the plans in order to correct the error. Consultant shall have the right to review the costs submitted by the contractor for the remedy prior to commencement.
22. **Notice:** Any notice in this Agreement shall be in writing and shall be effective upon personal delivery, certified mailing return receipt requested when deposited in the United States mail, or upon confirmed transmission by telegram, cable, telex, or a facsimile.
23. **Entire Agreement:** This Agreement contains all the terms, conditions, and provisions hereof creating the understanding and representations of the parties relating thereto regarding this Project. All such prior written and/or oral proposals, representations, understandings, and discussions are superseded by this Agreement. This Agreement may only be modified or amended by further written agreement executed by the parties hereto.

Contract #AZ401000-1

24. **Authority:** Each of the undersigned signatories declare and represent that they are duly authorized to sign this Agreement and bind each of the parties hereto to all the terms and conditions as outlined herein.
25. **Binding Effect:** This Agreement shall be binding upon the heirs, personal representatives, successors, and/or assigns of the Consultant.
26. **Return of Agreement:** Consultant shall execute and return this Agreement within five (5) calendar days from the date of the Agreement. Consultant shall not commence with services and/or work prior to receipt of a fully executed Agreement. Consultant shall be due no payments for work completed until both parties have fully executed this Agreement.

Contract #AZ401000-1

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day and year written above.

11. MEETINGS, SCHEDULES, PROCESSING AND PROJECT MANAGEMENT

Consultant will attend weekly progress meetings as required to process the project with the Client. Schedules and reasonable updates will be provided to Client. Consultant will process study, map and Improvement Plans submittals with applicable agencies. Building Permit Processing is EXCLUDED.

12. EXPENSES

See Section I.3. of this Scope of Services.

IV. CONSTRUCTION STAKING (ON-SITE)

The basis for this proposal is from the Preliminary Plat depicting 233 Single Family Residential Buildings. Deviations from this basis will require modifications to the scope and fee for Construction Staking Services.

Horizontal and Vertical Control

Consultant will field verify the horizontal and vertical data provided by the Client and report any discrepancies found.

The Client will provide the latest AutoCAD disk and two (2) sets of the current approved civil, architectural, and/or structural plans required to provide construction survey services. Any additional plans or revisions to the approved plans will be made available to SCI within 24 hours of approval of such plans.

Rough Grade

Two stakes will be set on each property line for grading, one at 10' back of curb for grading of the pads and streets with one at the rear property corner for grading of the pads.

Blue tops for Pads

Set two stakes at each property line for vertical control of the building pad

Pad Verification and Finished Floor Certifications

Measure the elevation of the pad after grading is complete

Measure the elevation of the top of form or finished concrete slab to provide FF Certifications.

Contract #AZ401000-1

Utility Services

Provide one (1) stake at each property line with an offset to the back of curb

Sanitary Sewer Lines

Provide stakes at offsets to all manholes and at 50' intervals between manholes.

Fire Hydrants/Waterlines

Fire hydrants will be staked using two (2) stakes per hydrant for horizontal and vertical control.

Set offsets for waterline at 100 foot stations, grade breaks and angle points

Building Layout

Provide 3 stakes at the projected building envelope for each house layout.

Wall Layout

Set offsets to Property Line at 50' stations with elevations to footing steps.

Curb and Gutter

Set offset stakes at the beginning and end of curb returns; at approximately 50' stations or the lot lines and at the beginning and end of curves

Redheads for Street Subgrade

Set redhead stakes at back of curb line and centerline, corresponding with the Curb and Gutter stakes.

Bluetops for Finished Gravel in Streets

Set grade stakes on crown line at approximately 50' stations.

Final Front Property Lines

Saw cut top of curb for projected front property lines.

Final Rear Property Corners

Set hub and tag at corner or nail and tag on the projected property line for all rear property corners.

Final Street Monuments

Set final monuments per plat map. (Where concrete monuments or well monuments are required, SCI will provide control for developer to install monuments).

V. CONSTRUCTION STAKING (OFF-SITE) – Not Included

VI. TIE-INS/FORM BOARD/FINISH FLOOR CERTIFICATION

Provide form board / finish floor elevation survey and complete finished floor certification documents at form board set prior to pour.

VII. SCREEN WALL STAKING

Provide control staking for locations of privacy block screen walls as required.

SCOPE OF SERVICES

I. GENERAL CONDITIONS OF THE SCOPE OF SERVICES

1. SITE NAME Rhodes Aztec 60 Acres (233 Lots)
2. SITE DESCRIPTION
 - a. APN Number 306-42-001.008
 - b. Acres 60
 - c. Notable Boundaries Aztec Rd & Redwall Drive
 - d. Client's Parcel Number N/A

3. **REIMBURSABLE EXPENSES**

A budget amount has been set for reimbursable expenses (See Exhibit B – Schedule of Values). Reimbursable expenses include such items as courier service, mileage, reproduction costs, etc. Any and all fees required to be paid to government agencies, quasi-government agencies or utility agencies are NOT considered reimbursable expenses and will be paid by check provided by Client. These payments will be scheduled by Consultant and outlined in Exhibit "C", Time of Completion, giving expected dates when payments will be required and expected amounts of checks needed.

4. **MEETINGS**

- a. Consultant is required to attend at least one weekly meeting at client's office to give a project update.
- b. Consultant is required to attend all public hearings and government agency meetings that pertain to the project.

II. PRELIMINARY ENGINEERING SERVICES

1. **BOUNDARY & TOPOGRAPHY MAP – NOT INCLUDED**

2. **ALTA SURVEY - NOT INCLUDED**

3. **ZONING, WAIVERS, VARIANCES, ETC.**

Prepare applications for all "LAND USE" changes required to entitle the subject property as noted herein. This shall include, but not be limited to, zoning, waivers, variances, vacations, use permits, etc.

4. **SITE PLAN**

Using requirements provided by Client, Consultant shall prepare a site plan in accordance with the applicable agencies. This may require two to three iterations with the coordination of Client.

Consultant will meet with Client and agency personnel and complete a final engineered site plan for the site. The site plan will be developed based on design criteria and zoning classifications given to the Consultant by the Client.

5. **PRELIMINARY PLAT**

Prepare a preliminary plat based upon the final site plan approved by Client. Process and submit the site map for approval through the applicable agencies. Services include preparing an amended preliminary plat which correlates to the final engineered site plan, and attending submittal meetings.

6. **TECHNICAL DRAINAGE STUDY**

The consultant will prepare a Technical Drainage Study, with basic improvement plans, for submittal to the County. The study will be based upon the site configuration as depicted on the submitted Preliminary Plat. The Consultant will verify that the study complies to the current County standards.

- 7 FEMA Submittal – Not Included. If required, work will be done under a purchase order.
8. **TRAFFIC STUDY**
 - a. Prepare a traffic report that outlines the traffic flows and trip generations, distributions and level-of-service analysis. Include all required intersections and counts as required by the agencies. Submit and process through the applicable agencies for approval.
 - b. Process the analysis through the applicable agencies to obtain approval. Consultant shall obtain approval within two (2) agency reviews, which includes addressing agency's comments.
- 9 **ZONING DISCLOSURE MAP - NOT INCLUDED**
10. **STORM WATER POLLUTION PREVENTION PLAN**
Prepare, according to the Arizona Division of Environmental Protection, a storm water pollution prevention plan. This shall include all application(s) and submittal requirements associated. Services do not include filing of Notice of Termination.
11. **SALES TRAILER PLAN**
Prepare one (1) plot plan for the sales trailer and parking areas as designated by Client. Provide Client appropriate number of wet-stamped copies for submittal to all applicable agencies. Revisions to the Plot plan at the request of Client after initial submittal will be an extra service to the contract.
12. **BLOCK WALL HEIGHT VARIANCE – NOT INCLUDED**

III. FINAL ENGINEERING SERVICES

- 1 **GRADING STUDY / ANALYSIS**
Prepare a detailed grading plan with quantities that reflect cut and fill necessary for block wall footings, streets, pads, and underground utility over-building. Consultant to review with Client and adjust or revise as needed to balance the site and all phases. This will be completed prior to technical drainage study approval. The appropriate number of copies will be provided to Client. Services include preparation of one (1) earthwork quantity analysis only. Additional earthwork calculations will be an extra service to the Contract and paid for by Client.
2. **UTILITY PLANS**
Prepare a master utility plan depicting topographical variances within one (1) foot that show all lot lines, driveways, streetlights, fire hydrants, water lines, sewer lines, and street furniture. Provide Client all necessary design plans for wet utilities.
3. **UTILITY ANALYSIS**
Prepare and provide power need analysis, water and sewer analysis. The appropriate number of plans will be provided to Client for submitting and processing through the required agencies for approval. Review utility services and advise Client of any additional studies that may be required for said project. Dry Utility analyses will be conducted by Client's specialty consultant.
4. **LOT FIT ANALYSIS**
Prepare a lot fit analysis using Client's approved foot-prints indicating which floor plans will and which will *not* fit on each lot of the project. The lot fit plan should include, but not be limited to, retaining walls, scarps, driveways, fire hydrants, streetlights, streetlight service points, and Unisource transformers. Provide working plans and final lot fit for review and approval by Client.
5. **IMPROVEMENT PLANS**
This proposal is based on preparing one (1) set of Improvement Plans for the project. Any additional plans or additional phasing of the project will be done as an extra service on the Contract.

Prepare and process improvement plans for approval for all on-site improvements. Offsite improvements including water, sewer and storm drain facilities are not included in this contract. The improvement plans shall include but not be limited to:

- a. General Notes and Legend Sheet – To include rights-of-ways, legal descriptions, governmental and utility agency notes, concrete and asphalt quantities for both public and private rights-of-way, and a legend of all symbols and abbreviations referenced throughout the improvement plans.
- b. Grading Plan – To include quantities that reflect cut and fill necessary for block wall footings, streets, pads, and underground utility over-building.
- c. Master Utility Plan – To include locations, specifications and quantities for all water mains, water laterals, water meters, sleeving, fire hydrants, sewer mains, sewer laterals, manholes, streetlights, pull boxes, electrical conduits for street lights and streetlight service point locations.
- d. Street Plan & Profile Plans – To include profiles of underground utilities, rim elevations and invert elevations, as well as the centerline profile and the top of curb elevations in transition areas and at intersections.
- e. Signage & Striping Plan – To include locations, specifications and quantities for all signage and striping, for both public and private rights-of-way.
- f. Detail Sheet – To include all details referenced throughout improvement plans

6. **BLOCK WALL PLANS**

Prepare detailed block wall plans with all associated sections and detail specifications provided by Client depicting footings, retaining walls, screen walls, view fences and any other pertinent plan design necessary to construct block walls that will minimize the need for any field changes.

7. **FINAL PLAT**

Consultant shall prepare and process through all the applicable agencies, all final plats associated with all phases of project to record the final map according to the schedule set forth in Exhibit "C", Time of Completion. This proposal is based on preparation of one (1) final map. The basis of final lots is 233 SFR units.

8. **PLOT PLANS**

Prepare plot plans on a 24" x 36" group release format and an 8-1/2" x 11" individual lot format. These plot plans shall include information as required by the County Building Department.

9. **QUANTITY AND BUDGET COST ESTIMATES**

Consultant will provide input data for quantities and submit information in excel format to Client to assist Client with preparing project budgets.

10. **BLOCK WALL STRUCTURAL DETAILS**

Consultant will provide structural calculations and details for retaining walls up to 6 feet in height. Details will be integrated into the exhibits for the drainage study and the final Improvement Plans. Calculations will be used by Client to apply and process wall permits.

11. **MEETINGS, SCHEDULES, PROCESSING AND PROJECT MANAGEMENT**

Consultant will attend weekly progress meetings as required to process the project with the Client. Schedules and reasonable updates will be provided to Client. Consultant will process study, map and Improvement Plans submittals with applicable agencies. Building Permit Processing is EXCLUDED.

12. **EXPENSES**

See Section I.3. of this Scope of Services

IV. CONSTRUCTION STAKING (ON-SITE)

The basis for this proposal is from the Preliminary Plat depicting 233 Single Family Residential Buildings. Deviations from this basis will require modifications to the scope and fee for Construction Staking Services.

Horizontal and Vertical Control

Consultant will field verify the horizontal and vertical data provided by the Client and report any discrepancies found.

The Client will provide the latest AutoCAD disk and two (2) sets of the current approved civil, architectural, and/or structural plans required to provide construction survey services. Any additional plans or revisions to the approved plans will be made available to SCI within 24 hours of approval of such plans.

Rough Grade

Two stakes will be set on each property line for grading, one at 10' back of curb for grading of the pads and streets with one at the rear property corner for grading of the pads.

Blue tops for Pads

Set two stakes at each property line for vertical control of the building pad.

Pad Verification and Finished Floor Certifications

Measure the elevation of the pad after grading is complete

Measure the elevation of the top of form or finished concrete slab to provide FF Certifications.

Utility Services

Provide one (1) stake at each property line with an offset to the back of curb.

Sanitary Sewer Lines

Provide stakes at offsets to all manholes and at 50' intervals between manholes.

Fire Hydrants/Waterlines

Fire hydrants will be staked using two (2) stakes per hydrant for horizontal and vertical control.

Set offsets for waterline at 100 foot stations, grade breaks and angle points.

Building Layout

Provide 3 stakes at the projected building envelope for each house layout.

Wall Layout

Set offsets to Property Line at 50' stations with elevations to footing steps.

Curb and Gutter

Set offset stakes at the beginning and end of curb returns; at approximately 50' stations on the lot lines and at the beginning and end of curves.

Redheads for Street Subgrade

Set redhead stakes at back of curb line and centerline, corresponding with the Curb and Gutter stakes.

Bluetops for Finished Gravel in Streets

Set grade stakes on crown line at approximately 50' stations.

Final Front Property Lines

Saw cut top of curb for projected front property lines

Final Rear Property Corners

Set hub and tag at corner or nail and tag on the projected property line for all rear property corners.

Final Street Monuments

Set final monuments per plat map (Where concrete monuments or well monuments are required, SCI will provide control for developer to install monuments).

V. CONSTRUCTION STAKING (OFF-SITE) - Not Included

VI. TIE-INS/FORM BOARD/FINISH FLOOR CERTIFICATION

Provide form board / finish floor elevation survey and complete finished floor certification documents at form board set prior to pour.

VII. SCREEN WALL STAKING

Provide control staking for locations of privacy block screen walls as required.

Consultant Agreement

This Agreement made this 28th day of February, 2005, by and between Rhodes Homes Arizona, hereinafter sometimes referred to as "**Client**", and Stanley Consultants, sometimes hereinafter referred to as "**Consultant**", provides as follows:

Date: 2/28/05
Project: Temple Bar (hereinafter sometimes referred to as "The Project")
Contract Price: \$337,650.00

RECITALS:

- A. Client is the developer of The Project. Client is entering into this Agreement with Consultant to perform the professional services described within the Scope of Services, attached as Exhibit "A" to this Agreement.
- B. Consultant is qualified to provide the professional services agreed to within this Agreement as requested by the Client. If Consultant is not qualified to perform the services indicated herein for completing the work, Consultant will immediately notify Client of such in writing.
- C. Consultant shall maintain the schedule as mutually agreed upon unless outside circumstances such as governmental reviews, natural disasters, or other unknown or uncontrollable influences occur. The client shall be notified immediately of any changes to the schedule.

WITNESSETH:

IN CONSIDERATION of the mutual promises and covenants hereinafter set forth, the Client and the Consultant agree as follows:

- 1. **Services:** Consultant shall perform the professional services described in Exhibit "A" and elsewhere throughout this Agreement. Exhibit "A" is attached hereto and incorporated herein by reference (the "Scope of Services").
- 2. **Non-Exclusivity:** This Agreement shall not act as an exclusive contract limiting the Client to use only Consultant at the Project.
- 3. **Standards:** All services shall be performed by the Consultant in a manner consistent with that level of care ordinarily exercised by reputable members of the profession who are currently practicing in the same locality under similar conditions.
- 4. **Government Regulations:** Consultant shall comply with all known laws, statutes, ordinances, standards, rules and regulations, policies, licensing requirements, insurance requirements, practices, and procedures of federal, state, municipal, and special district governmental authorities which are applicable to the services covered under this Agreement.
- 5. **Materials:** All necessary labor, licenses, and any other items necessary to complete the services as outlined in Exhibit "A" (hereinafter collectively referred to as the "Materials"), must be furnished by the Consultant and shall be a part of the contract price unless it is specifically excluded in Exhibit "A".

Reproduction of six (6) copies of documents needed for the production, design, and submittal of plans and maps are included in the contract price. In addition, one copy of each
